The Crescent City Brass Band were yesterday with the Neptune Fire Company, making, we believe, their first public turn out. They number nine musicians, and their music sounded very unlike what might have been expected from so new a Band. We conand the community on the happy addition of mea. this Band.

The little representative of the Goddess of Liberty, on the Young America Engine yesterday, attracted general attention. The beautiful little girl represented an ange las well as a goddess. She was a perfect picture of childish beauty, while her garments and adornings were elegantly appropriate, and admirably garrison there is known not to be sufficiently well adapted to develop her surpassing charms.
